Oneonta, Dec. 13. — The lord mayor of Cork, Ireland, Mr. J. J. Eland, has sent the following dispatch to the United States government, in which he expresses his belief that the people of the United States are being held up in the streets and that the lives of the people are being sacrificed to the greed of a few men. He says that the people of Cork are being held up in the streets and that the lives of the people are being sacrificed to the greed of a few men. ## Trainman Killed, Two Others Hurt

Trainman Henry J. Flaherty 26, suffered fatal injuries, Fireman E. E. Kellier and Trainman J. M. Buckley escaped unhurt last night in one of the worst accidents that has occurred in the local Delaware and Hudson yards in several years. All the men named live in Binghamton or vicinity. The accident took place near the Pony Farm crossing at 7:30 p. m. when engine 829, in charge of Engineer Warren A. Murray of Binghamton and Conductor Wesley Powers of Oneonta, while pushing a caboose ahead of the engine down track 9, southern classification yard, collided with an empty coal car which was the rear car of a string of empties standing on that track. The Binghamton crew had been assigned to a certain train and were on their way to hook up with it when the accident occurred. The engine, with the caboose ahead of it, ran directly into the string of empties, and the impact of it could be heard for some distance. Trainmen Flaherty and Buckley were standing on the head platform of the caboose just before the crash. When Buckley saw that they were running into the cars he jumped from the platform and escaped injury. Flaherty did not appear to see the danger and was caught between the caboose and the coal car and badly crushed. Fireman Kellier and Trainman McKrell, who were inside the caboose, escaped with bruised backs.

## WARTIME LAW REPEAL VOTED

House Adopts Volstead Resolution  
by Unanimous Vote After  
Two Hours of Debate

## GOES TO SENATE NOW

Trading With Enemy Act Only Is  
Exempted From Repeal by  
the Resolution

Washington, Dec. 13.—Repeal of most of the wartime laws was voted today by the house, which adopted the Volstead resolution for that purpose after two hours of debate. The vote on adoption of the resolution was unanimous, 223 votes being recorded as favoring it with none opposing it. The house, before taking final vote, accepted the amendment providing for inclusion of the Lever food control act among the laws which the resolution would repeal. The amendment which covers all provisions of the food control act with the exception of the section relating to rents in the District of Columbia, was offered by Representative Bland, Republican, Indiana. It was carried by a vote of 179 to 127. The resolution which now goes to the senate exempts from repeal only the trading with the enemy act, the war finance corporation act and its amendments and measures dealing with issuance of Liberty and Victory bonds. The resolution declares: "Any act of congress that by its terms is in force only during the existence of the state of war and a limited time thereafter, shall be construed and administered as if the present war terminated on the date when this resolution becomes effective." The measure as adopted, is practically identical with that passed by congress just before the adjournment of the last session, and vetoed by President Wilson. Republican leaders of the house asserted tonight that adoption of the resolution was one of the first steps taken by the Republican majority to fulfill the campaign pledge to put the country on a peace time basis. Disposition of the Volstead resolution clears the way for consideration of the resolution offered by Representative Reavis, Republican, Nebraska, which would provide for a congressional survey of the government's administrative departments. A special rule limiting debate will be presented tomorrow by Chairman Campbell of the rules committee, and action on the floor will follow the vote on the adoption of the rule.

## Local Men Charged With Robbing Visitor

Harry L. Randall and Willard L. Fay, both of this city, and David Lamont of Charlottesville spent last night in the city jail, the Oneontans charged with grand larceny in the first degree and Lamont, the victim of the alleged robbery, with public intoxication. All three will be arraigned before Judge Frank C. Huntington in city court this morning. Lamont, who is nearly 50 years old, staggered into police headquarters at 7:30 p. m. and reported the information that he had been relieved of his wallet. Chief Horton and his aides quickly went to work on the case and within two hours had Randall and Fay in custody. According to the story told by Lamont, he arrived in Oneonta yesterday afternoon from the peaceful town of Charlottesville and proceeded forthwith, and with haste to get some liquor under his belt. He said that early in the evening he met two men who struck up an acquaintance with him and they started to take a little walk. When they reached a dark spot on Prospect street near the D. & H. freight house, he said that one of the men grabbed him and held him fast, while the other relieved him of his bill fold, which contained around \$45. After securing his coin, Lamont said his two assailants left him to his own thoughts, the first of which prompted him to go to police headquarters, where he gave his story. Chief Horton sent out officers to look for the two men whom Lamont described, Randall was arrested by Officer Walling shortly after 8 o'clock this morning.

## WAR DEBT CLOUD ONE OF CONCERN

Ability of Treasury to Meet Com-  
ing Obligations Is Problem of  
Ways and Means Committee

## PLEDGES AT STAKE

Efforts Must Be Made to Kee,  
Liberty Bond Prices at Proper  
Level, Some Leaders Insist

Washington, Dec. 13.—Concern of congressional leaders as to ability of the treasury to meet the \$7,000,000,000 of war debts maturing within the next two and a half years was indicated by Chairman Fordney of the ways and means committee today, both in the house and at the opening of hearings by his committee on revision of revenue legislation. The ways and means committee chairman frankly expressed doubt as to whether the estimate of a four billion annual tax levy would be sufficient to meet the requirements of the government over the period of maturing treasury certificates and Victory notes. As a solution, he advocated refunding into long term bonds of the certificates now aggregating \$2,550,000,000, as well as of the first issue of war saving stamps and the Victory note issue. Would Lower Estimate. Adoption of such a solution, Mr. Fordney declared, probably would enable a reduction of taxes below Secretary Houston's estimate of \$4,000,000,000. It also, he said, would permit a tax levy for several years sufficient only to cover current fiscal needs of the government and interest on the public debt and sinking fund operations. The first witness before the committee at the tax revision hearing, however, disagreed with Mr. Fordney on the proposal. In reply to questions by Representative Longworth, Republican, Ohio, Dr. Thomas F. Adams, treasury tax expert and economist, said the program of the treasury appeared to provide sufficient revenues to take care of the maturing obligations except the savings stamps, which would be paid through the sale of other issues of such stamps as each yearly issue falls due. He added, however, that the treasury estimates for taxation could stand no reduction if the program were to be carried through and the maturing obligations met. Opposes Fordney's Suggestion. Politics entered into the discussion of the methods of paying off the war debt when the committee reached the subject later in the day. Representative Garner, Democrat, Texas, vigorously opposed the Fordney suggestion, saying that it meant that the government was "breaking faith with the people that it had assured that it would take up the floating debt to make the Liberty bonds retain their proper level of market value." To float another loan, Mr. Garner asserted, would materially weaken the quotation of the Liberty bond prices. "When we passed those loan bills and tax measures," he told the people certain things. Mr. Garner continued, "We surely cannot go back on those assurances. It would be breaking faith with the people." "Well," Mr. Fordney counseled, "those things were the work of the Democratic administration. The floating debt was the product of the Democratic administration. But inasmuch as we now have it, it has become an obligation of the Republican party and I mean to do all I can to get rid of it without burdening our people with taxation."

## TEACHERS OPPOSE MILITARY TRAINING

Schedule Committee Will Seek Re-  
peal of Law at January Session  
of State Legislature

Rochester, Dec. 13.—Repeal of the military training law will be the first recommendation of the teachers' schedule committee to the legislature in January, according to announcement made here tonight by Senator John B. Mullan, its chairman. Sentiment against the military training law has been expressed throughout the state, Senator Mullan said, and the committee has decided to ask for its repeal. He added that this was the only measure upon which the committee had reached a definite agreement, but that other matters would be discussed at a meeting next Saturday at the Murray Hill hotel in New York city. The committee's recommendations will be submitted in separate bills, he said. Among measures that it is considering, he said, was a bill for the separation of school elections and budgets from other elections and budgets. The senator previously had expressed the opinion that the salary basis for school teachers established in the emergency law at the last session would be continued.

## BLACKBOARD MAKER DIES

Boston, Dec. 13.—Daniel Webster Allen, head of a firm that has made slates and blackboards for several generations of school children, died today in his 75th year.

## SUPREME COURT RECESSES

Washington, Dec. 13.—The supreme court today announced a recess from December 29 to January 3.

Flannigan's hotel, said that at 9 o'clock Saturday night he was ordered to clear her hotel of his guests but that she remained inside the building. Shortly afterward the front door lock was blown away by a revolver bullet and a crowd of men, some of them in uniform, entered and broke bottles until she stood ankle deep in champagne, whiskey and beer. She was then permitted to leave the hotel with her four children before the place was set on fire. Late today a notice was received by publication by the Echo saying that if a young member of the editorial staff of the Cork Constitution named Hogan, who was kidnapped several weeks ago, is not returned by 4 o'clock Tuesday afternoon, 49 Sinn Feiners will be shot in their beds. The notice, which was signed "Black and Tans," concluded with the words: "Rebels, Beware!" A special meeting of the city council presided over by Lord Mayor O'Callaghan this afternoon, adopted the following resolutions: "We, the corporation of Cork, affirm once more that the Irish nation is fighting for its very existence against an unscrupulous enemy, but is desirous of an honorable peace consistent with its position as a sovereign state and we express our undiminished confidence in our elected representatives, who alone are authorized to speak in our behalf. "We proclaim our unqualified determination to seek or sanction no true treaty such international agreement as may be arranged between the Dail Eireann and the English government."

All the auxiliaries were leaving Cork tonight. It is understood that the city is under martial law and that the military intends to do duty without the assistance of the irregular police.

Witnesses Tell of Looting. Cork, Ireland, Dec. 13.—(By The Associated Press)—Eye witnesses of a burning of Cork graphically related how men, masked with scarfs removed loot from the flame-enveloped shops. Some of them had leather bags overflowing with plunder and additional plunder slung over their shoulders. It is reported that a large number of employees of the destroyed establishments, anticipating their destruction, insured their salaries with British companies. It is said that looters removed from jewelry store several large trophies, including a heavy ring to them off, were thrown into a blazing fire standing in a thoroughfare. Mrs. Wren, the proprietress of

## WRESTLING TITLE IS WON BY LEWIS

Former Champion Had Better of  
First Hour's Struggle, But  
Loses His Strength

New York, Dec. 13.—Ed "Strangler" Lewis, of San Jose, California, won the world's heavy weight catch-as-catch-can wrestling championship, here tonight by throwing Joe Stetcher of Dodge, Nebraska, in one hour and 41 minutes, 55 seconds, with a head and hip lock. Lewis weighed 228 pounds, 20 more than his opponent. The finish was a spectacular one. Stetcher was worn down to a weak condition by eight successive deadlocks in the last six minutes of the contest. He squirmed out of the first of these in 35 seconds, but as he rose to straighten up, Lewis got another on a flying hold, which he maintained for 40 seconds. Stetcher squirmed out and obtained a body scissors, his favorite hold, but by sheer strength, Lewis broke away and clamped on another headlock, which lasted 40 seconds. The next three were of short duration, but Stetcher appeared weak and groggy as he got to his feet, but in another moment Lewis got a vice like grip around his opponent's head. Stetcher staggered to the ropes after freeing himself and Lewis got the final finishing headlock and as he closed his left arm over Stetcher's head, turned him with a hip lock, threw him heavily to the mat and pinned his shoulders to the floor almost immediately. Stetcher had the better of the first hour's struggle and was the aggressor for most of the contest, winding his legs around Lewis for the scissor hold frequently. On three occasions he made Lewis wince from pain by toe holds. Lewis limped after one of these and both appeared tired from their exertions.

## TURKS APPROVE RELIEF WORK

American Parties in Armenia Will Not  
Be Molested by Sultan's Troops.  
They Are Told.

New York, Dec. 13.—The Turkish military has given American relief workers assurance, a dispatch received here today announced, that they would not be molested in their Armenian activities. Approval of the work was expressed by the Turkish national government. It was said, and its co-operation was pledged conditionally. Workers were ordered to remain at present stations and to travel only with special permission. The dispatch added that communication was open between Tiflis and Baku, and that many refugees were being cared for in the Tiflis area.

## BOILER PRICES REDUCED

FROM 10 TO 20 PER CENT

Kewanee, Ill., Dec. 13.—The Kewanee Boiler company, one of the largest steel boiler producers in the country, today announced reductions of 10 percent on all first-box heating boilers and 20 percent on steel tanks used for pneumatic water supply purposes. A statement from the company said production costs had advanced, but that cuts were made nevertheless in an effort to bring down building costs.

## PREDICT HEAVY FATALITIES

## NO HASTY ACTION ON IMMIGRATION

Johnson Bill Passes House, 293 to  
41, But Senate Attitude Threat-  
ens Some Delay

Washington, Dec. 13.—The house today transmitted to the senate the Johnson bill prohibiting practically all immigration to the United States for a period of one year. The vote in the house on the measure, 293 to 41, brought to an end more than three days of heated debate on immigration affairs. It also followed futile attempts by the bill's supporters to lengthen the prohibition period to two years as originally proposed. The first of these attempts brought a rising vote in favor of the two-year extension, but the second call showed 181 in favor of the one-year period and only 152 opposed. In the senate the bill will be referred to the immigration committee and action will be deferred until the committee has concluded hearings and has investigated thoroughly all phases of immigration and naturalization questions. A number of measures bearing on these subjects are pending in the senate and it is regarded as likely that they will be incorporated in the Johnson bill when it is finally reported to the senate for consideration. The attitude of senate leaders today was that no hasty action should be taken by that body in dealing with immigration issues.

## FOR APPROPRIATION BILLS

Washington, Dec. 13.—Senator Curtis, Republican, Kansas, introduced today his resolution to amend the senate rules so as to provide that all appropriation bills go to the committee on appropriations. It was referred to the committee on rules.

## FOUR 'DEATH CAR' SUSPECTS SEIZED

All Deny Accident in Schenectady  
Road, But Admit Being Occu-  
pants of Abandoned Car

Albany, Dec. 13.—Four men suspected of being occupants of the "death car" which last night struck and killed O. G. Adkins and his 14-year-old son, and severely injured Mrs. Adkins, all of 21 Wilson street, Schenectady, in the Schenectady road, leading to this city, were placed under arrest this morning and confined in the Schenectady county jail. The men, all Albanians, are: John Albert, 16, of 31 Maple avenue; Albert Kositzke, Jr., 24, of 17 Hampton street; George H. Kositzke, 17 Hampton street; Charles McCann, 27, of 31 Hampton street. The men are now held only as material witnesses but the police say that after the inquest, which will be held by Coroner Baxter of Schenectady county, a more serious charge will be made against them. They deny any knowledge of having struck the three persons but they say that they were in the car that was found about a mile from the accident, which they claim, according to the police, they deserted after hitting a fence. According to the police, Albert, the Kositzke brothers and McCann were arrested in Carman yesterday afternoon charged with intoxication. They were riding in a Dodge car when arrested. After being arraigned before Judge Hallenbeck they were released on \$200 bail each. They were compelled to go to Schenectady to get their bond executed there. When Sheriff Manning of Schenectady county heard of the accident which resulted in the death of Mr. Adkins and his son, and the strange disappearance of the occupants of the car that hit the three persons, he immediately connected the four men who were arrested in Carman with the affair. He reported his suspicions to Captain Tobby of the state troopers, and the arrests followed.

## LOOT CATHOLIC CHURCH OF ITS COSTLY JEWELS

New York, Dec. 13.—Pearls and diamonds said to be worth from ten to a hundred thousand dollars were stolen from a golden vessel in the Catholic church of St. Vincent Zerrer here within the last day or two by thieves who escaped without leaving a trace as to their identity or the exact time of the robbery. The precise value of the jewels could not be learned today because of the absence from the city of Father Hofmann, the pastor.

## KITCHEN IN POOR HEALTH

Washington, Dec. 13.—Representative Kitchen, Democrat, North Carolina, has informed the ways and means committee of his intention to resign at an early date because of ill health. Chairman Fordney said today Mr. Kitchen was chairman of the committee during the period of Democratic control of the house.

## RAILROADS GRANTED SHOW CAUSE ORDER

Public Service Commission Must  
Explain Its Refusal to Permit  
Rate Increases

Albany, Dec. 13.—An order requiring the Public Service commission, second district, and Attorney General Charles D. Newton, to show cause why they should not be restrained from interfering with the putting into effect by several railroads of the 20 per cent increase in passenger rates in New York state, has been issued by Judge Ray of the United States district court. It was announced by the Public Service commission tonight. The order was made returnable at Norwich January 12. Application for the court order was made by the Ontario and Western, Erie, Lehigh and Hudson river, Lehigh Valley and New Jersey and New England railway companies. The railroads alleged that the price dings taken by the public service commission and attorney general for state control of passenger fares after September 1 prevented the roads from carrying out the increase ordered by the interstate commerce commission and subjected them to multitudinous and vexatious suits for penalty under the statutes of the state of New York, and that unless restrained the defendants will institute suits and prosecution against the roads to prevent them from complying with the interstate commerce commission's order. This, it was claimed, would wrongfully deprive the roads of large sums of money and revenues which would be lost to the damage and injury of the roads. The roads also alleged that they will be met with constant and continuing refusal of passengers to pay the 20 per cent increase while the roads will be under legal obligations to collect the rates or remove the passengers from trains. This would result, it was declared, in great public inconvenience, interference with orderly traffic, the obstruction of the plain-iffs' business as well as a multiplicity of suits for over charges, unless the state authorities are restrained by injunction.

## DEMPSEY BATTLES BRENNAN TONIGHT

Title Decision, First in State Since  
1900, Will Be Given If Bout  
Goes 15 Rounds

New York, Dec. 13.—Jack Dempsey, world heavyweight boxing champion, and Bill Brennan, challenger, indulged in only light training today for their 15-round contest at Madison Square Garden tomorrow night. It will be the first bout in New York city in which the heavy weight title will be at stake by a decision if the bout goes to the limit, since May, 1910, when Jim Jeffries knocked out Jim Corbett at Coney Island. Dempsey and Brennan have trained hard for the past five weeks. Although a weight limit does not figure in the contest, the two boxers will weigh in at 2 o'clock tomorrow to conform with the state boxing regulations. The names of the two judges who will pick the winner if the full 15 rounds are fought will not be known until tomorrow night, when the state boxing commission will make them public with its choice of a referee. If the judges disagree, the referee decides the contest. Dempsey is guaranteed \$100,000 and Brennan \$25,000.

## ARREST CLOTHING STRIKERS

Only 20 of 100 Taken Into Custody By  
New York Police Are Being Held  
For Trial.

New York, Dec. 13.—Skinsh line of pockets drawn from the ranks of the Amalgamated Clothing Workers' union faced by guards alleged to have been hired by clothing manufacturers, were the most salient features in today's development of the clothing labor dispute which has closed or crippled most of the large factories in the city. Police were active in making arrests of union workers who were charged with violations of city ordinances. Out of a total of more than 100 arrests, all were discharged, except 20 who were held for trial. These men later were discharged with a warning against obstructing the streets.

Famous Old Recipe  
for Cough SyrupReady and cheaply made at home,  
this is a sure cure for  
coughs.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Panex from any drugstore, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membrane, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or laryngeal asthma.

Panex is a special and highly concentrated compound of genuine eucalyptus and eucalyptol, which is known for its healing effect on membranes. Avoid disappointment by asking your druggist for "2½ ounces of Panex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. DEPRECIATION RIFE  
IN MARKET VALUESLosses of Two to Almost Ten  
Points Are Accompanied by  
Sales of 1,400,000 Shares

New York, Dec. 13.—Values in the stock market were expected to further depreciate today, losses of two to almost ten points throughout the list being accompanied by transactions aggregating 1,400,000 shares, the largest total with few exceptions of the year.

Pressure, in which shorts again were active, began at the outset, but quotations slowing declines due to the points. There were a few steady, extended, there being little or no interruption to the general at any stage.

Observers once more attributed much of the selling to a desire on the part of corporations and individuals to liquidate income tax losses prior to payment of the final installment on Wednesday, but the relentless character of the liquidation seemed to point to more pressing reasons.

News and general advice over the week-end aside from the better showing of the federal reserve bank confirmed recent developments in trade and industry. The west reported an extension of the general policy of retrenchment, with consequent slowing down of railway tonnage.

Existing investment conditions found significant expression in the news that banking syndicates organized to float \$2,000,000 of new American Woolen shares had disbanded after failing to market its shares and the supply of time money was smaller than at any time since last October.

Next to Central of New Jersey, which forfeited 15 points on comparison, the weakest stock was Royal Dutch at a net loss of 9%. Other oils, also rails, steels, equipments, coppers, shippings and food issues, ended at losses of two to five points, final quotations in many instances being the day's lowest.

Weakness extended to the bond market virtually domestic issues, especially convertible rails, yielding to enlarged offerings.

Old United States bonds were unchanged on call.

## RICHER THAN WAS THOUGHT

IS CITY OF ONEONTA, IF SUPERVISORS' FIGURES ON VALUATIONS ARE CORRECT.

Equalization Committee Discloses New Tack in Fixing Valuations in Tax Districts—Its Figures Will Be Carefully Scrutinized—Board Cautions "Equalizing Supervisors." Its Committee States.

A perplexing and intricate problem is presented to the joint committee representing the Common Council of this city and the Chamber of Commerce appointed to investigate the correctness of the equalized value of city property as fixed by the equalization committee of the Board of Supervisors recently at Cooperstown. This fact was made clear at a conference at Cooperstown yesterday, in which Mayor Ceperley and City Attorney Owen C. Becker, representing the city, and Hon. Charles Smith, Alva Seybolt, esq., and H. W. Lee, representing the Chamber and the members of the equalization committee, participated.

The conference was arranged after an earlier one in this city between the joint committee representing the city and County Attorney Dennis J. Kilkenny. At that conference it was mutually agreed that it was ill advised to take the matter before the state tax commission before the city representatives understood fully the action of the supervisors and the figures upon which the equalization was reached. Attorney Kilkenny advised that it would be a misfortune for both city and county to involve the city and the towns of the county in litigation, to which all assented.

The equalization committee is composed of the following supervisors: J. D. Boardman, of Pottsville, Lee W. Locke, of Edinboro, R. J. Smith, of Roseton, C. P. Root, of Butternuts, James Hall of New Lisbon, J. Dana Whitple of Otsego, John Nelson of Decatur, B. G. McKee of Middlefield and Fred M. Hand of Laurens. All were present with the exception of Mr. Root of Butternuts, who was in New York city.

Mayor Ceperley spoke first for the city, stating that the committee appeared in no spirit of antagonism and with no intention to make upon the action of the board, but explained that when the city found that, following close upon an increase of about \$3,000,000 in the assessments as made by the city assessors, the board had added another \$2,000,000, putting an increase in the equalized value of city property of \$5,000,000 upon the municipality, that the city taxpayers were amazed and that it seemed incredible to many residents that the city actually possesses \$11,000,000 out of \$35,000,000 of the assessable property of the county.

Attorney Seybolt called attention to the fact that in 1919 the city had been equalized at about \$5,000,000 out of \$27,000,000 and that this year it has been given \$11,000,000 out of \$35,000,000, which will require city taxpayers to pay eight per cent more of the county and state taxes than the previous year.

## THOSE CHRISTMAS SEALS.

County Sanitarium Does Not Share in Proceeds of Their Sale.

The Star is informed that some citizens have neglected to purchase any of the Christmas seals upon the grounds that the published report of the County Tuberculosis sanitarium does not contain any reference to any receipts from that source and they conclude that they want to be shown, before purchasing any of the seals to aid in tuberculosis work.

The error is perhaps a natural one. The fact is, however, that the County Tuberculosis sanitarium is a county institution created by law and is maintained by an appropriation from the county board of supervisors. While the anti-tuberculosis committee of the county works in harmony with the institution and does some things to relieve the monotony of life there for patients, it is the fact that the proceeds of the Christmas seals go to the anti-tuberculosis committee of the county, a separate and distinct organization which is working outside the sanitarium among incipient cases and in the homes to protect the public from contracting the disease and those with hereditary taints.

While both organizations are at work against the dread disease that is the only affliction they have, the sanitarium being maintained as a county charge and the other organization with no income from any other source than the sale of the Christmas seals, yet doing a very important work, the one dealing with acute cases where institutional care is needed and the other with efforts to prevent the development and spread of the disease among our citizens. Buy seals with every assurance that the money will be wisely and prudently expended for the public good and to prevent further inroads of the disease.

For Oneonta's Needy Families. Captain Harrison, of the local Salvation Army, announced last night that the Christmas kettles would be placed along Main street tomorrow to receive contributions. The money thus raised will be used for Christmas baskets which the Salvation Army will distribute among the needy of the city on Christmas eve. While mindful of the needs of starving children overseas, we should not forget that right here at home there are many families that would have little of the holiday cheer if it were not for the Salvation Army workers. All contributions will be gratefully received and may be placed in the Christmas kettles. "Keep the kettles boiling."

## STARVING CHILDREN FORGOTTEN

Who Will Contribute Today and Help Save Them from Starvation?

Rather feeble were the efforts made by Oneonta and vicinity yesterday to save the lives of the starving children of Europe, only \$47 being received at this office for the fund. Certainly with the abundance with which we are blessed more may reasonably be expected.

The contributions of the day follow: Mrs. Harp's class of First Methodist Sunday school... \$7.00 F. G. H. Elk Creek ..... 5.00 Fidelity Class of Main Street Baptist church ..... 5.00 Mrs. John S. Taylor ..... 5.00 Mr. and Mrs. James D. Meek ..... 5.00 J. T. Yerdon, Davenport ..... 5.00 Mrs. F. A. Squire, Otsego ..... 5.00 Social Club of Chapin Memorial church ..... 5.00 Mrs. W. P. Blakely's class of First Presbyterian Sunday school ..... 5.00

Total ..... \$47.00 Previously reported ..... \$3,215.00

Total to date ..... \$3,262.00 A THREE MONTHS' SUBSCRIPTION TO THE STAR FOR \$1.50.

## MRS. ANN E. MARVIN.

Aged Widow of Minister Passes Away  
at Cooperstown Hospital.

Cooperstown, Dec. 12. — Mrs. Ann E. Marvin passed away this evening at about 9 o'clock at Thanksgiving hospital after a long illness due to the infirmities of age.

Ann Elizabeth Miller was born in Banghamton on September 24, 1857, the daughter of Henry and Mary (Soule) Miller. On April 3, 1886, she was married to the Rev. George Harmon Marvin, and they made their home in Fly Creek, later going to Milford, where Mr. Marvin died in 1917. Since then, Mrs. Marvin had spent most of her time with her only son, Arthur Marvin, who died in Cooperstown in 1918. Since his death, she had lived with her daughter-in-law, Mrs. Marvin. A few months ago, the younger Mrs. Marvin was taken seriously ill and was removed to Thanksgiving hospital, where she passed away shortly.

The loss of her dear relative no doubt had its effect on the aged Mrs. Marvin's none-too-good health, and shortly after Mrs. Arthur Marvin's death she was removed to the hospital, where she had since been confined. During her active life, she was a member of the Methodist church and a woman held in high esteem.

Mrs. Marvin is survived only by four grandchildren, Vincent Marvin of Cooperstown, Donald of New Haven, Conn., Beatrice of Carbondale, Pa., and Dorothea of New York city. The funeral arrangements had not been completed tonight, but it is probable that they will be held Wednesday.

## "In the Days of Jenny Lind."

Appropos of the musical given Saturday by Mrs. A. L. Kellogg in honor of the centennial year of the birth of Jenny Lind, it was learned yesterday that Mrs. Caroline W. Strong of 25 River street, this city, was in New York on the date of the first concert given by this distinguished artist in Castle Garden seventy years ago. Mrs. Strong, then a girl of sixteen, recalls with great distinctness the occasion, the vast throng striving to enter the theatre, the personal appearance of the singer, the songs she sang and the marvelous impression which she made upon her hearers. It is one of the most delightful recollections of a lifetime, filled with pleasant memories.

CHRISTMAS  
SUGGESTIONS

There are gifts that combine use, attractiveness, novelty and low cost. They are particularly appropriate presents.

Among these is the Enameled Clove Luncheon set. These sets can be used for all informal meals. They consist usually of

a centerpiece and twelve dishes of two sizes—attractively stenciled in colors. They are easily cleaned with a damp cloth. Each set is boxed separately. They are economical to use and not expensive to buy. They cost from \$1.75 to \$3.50 a set.

Japanese Luncheon Cloths, with the exotic novelty of the Orient, are another ideal gift. Here is another article that is a great laundry saver. These delightful blue and white squares with their quaint Japanese figures do not show soil nearly as soon as a white cloth, and they are much more easily laundered.

The cloths come in all sizes, and cost from 95 cents up. The napkins are \$1.29 a dozen. We have also the sets, neatly boxed of a cloth and a dozen napkins.

## GIFT RIBBONS

We have a fine line of ribbons for all holiday purposes—Cambrics, Fancy Bows, Slippers, Lamp Shades, Lingerie, Hair Ribbons, Sashes.

THE  
ROYAL  
GIFT  
FOR  
HER

The royal gift for a woman is wearing apparel—furs, coats, suits or dresses—particularly furs. Considerably lower prices on all ready-to-wear, makes them economically reasonable gifts.

We have a fine stock of furs—very reasonably priced and Capron fur reliability is well known. All types of furs are awaiting you—muffs, neckpieces and sets.

We can offer you very attractive prices on the finest coats, suits and dresses, well built of the finest materials and in the most fashionable styles and colors. All are stylishly tailored by the leading houses of the country.

As a gift of beauty and worth, our fine wearing apparel is hard to surpass.

GIFTS THAT  
BRIGHTEN

Among other suggestions for practical giving are the very useful and very desirable curtains and rugs. Few presents are as lasting; few presents are as practical.

We have a line of fine screen curtains beginning at \$1.29; marquisette curtains beginning at \$2.50, and lace curtains beginning at \$2.75.

As presents, these curtains are not only eminently useful, but your attention is particularly directed to the price, which is extremely low.

Our rugs are very low in price. We are below the present market, which is decidedly lower than last year at this time.

We have Tapestry Brussels rugs, in the nine by twelve size, to offer you from \$27.50 up, and Axminster from \$19.50.

An ideal gift is the 30 by 72 small Axminster rug, in a fine range of patterns at only \$5.00.

A fine Baby Brussels or Wilton Wall-to-wall rug makes a wonderful present.

The Blue Room "Upstairs" for Gifts

## GIFT LINEN

There are few finer gifts than linen. L-i-n-e-n spells "gift" just as D-i-a-m-o-n-d spells "engagement." From our dainty luncheon sets of fine hand-embroidered Madiera to our sturdy dinner cloths there is a long range of gift possibilities for table use, all particularly appropriate as presents. Outside of the table class are sheer linen handkerchiefs, attractive scarves and many other suggestions.

We have, of course, the separate Madiera pieces and the sets, of severe plainness or beautifully embroidered as your fancy dictates. The sets cost from \$8.90 up, with the napkins starting at \$12.00 a dozen. We have dainty thirteen-piece luncheon sets of linen as low as \$5.00, and napkins as low as \$2.00 a dozen.

Our attractive patterns in fine all-linen damask begin at \$3.00 a yard. We have also luncheon cloths of fine linen, pattern dinner cloths and sets of cloth and napkins.

We recently priced our linen at wholesale, and know that we are considerably below even the present market on every one of these articles.

## GIFT APRONS

A fine apron makes a desirable and practical gift.

We have plain white and fancy maid's aprons from 50 cents to \$1.19.

Bungalow aprons in regular and extra sizes from \$2.00 to \$2.75. Straight gingham aprons at 65 cents.

Gingham and percale aprons with bib at \$1.50 to \$1.79.

### KNOCKED DOWN BY AUTO

Miss Musa Bates Suffers Painful Injuries in Accident Saturday Night—West End Notes

Miss Musa Bates of Lower River street suffered painful but not serious injuries last Saturday evening, when she was knocked down by an automobile on the state highway near the Plains cemetery. Mrs. Bates, who was returning to her home from the cemetery, noticed a motor car approaching her and stepped to the side of the road. As she did so a second auto, coming from behind her, struck her a glancing blow. Mrs. Bates was struck with such force that she was whirled about several times and fell heavily to the road. The driver of the car, a Paige, stopped immediately and assisted the young lady to her feet, and she did not appear to be badly in-

jured, although she was bleeding from cuts on her face. Other motorists happened along at the time and with the assistance of Charles Bennett, the injured lady was taken to her home by Miss Stanton of Otego, the driver of the car that hit Miss Bates. Dr. Marx of this city was immediately summoned and after an examination found that she was suffering from bruises about the face and body, a badly cut lip, and other injuries. Several teeth were loosened and three were completely knocked out. It was necessary to take several stitches to close the cut lip, and the operation was performed yesterday by Drs. Marx and Augustin. Fortunately no bones were broken and Miss Bates, who is a graduate nurse of Flower hospital, New York, probably will be able to be out again in a week. Miss Stanton, the driver of the car,

said that she was blinded by the lights on the car approaching her and did not notice Miss Bates walking ahead of her machine.

Red-Blooded Men and Women Know What They Want to Do and Do It

If you are just recovering from a cold, or may be your system is in a poor shape to resist infection, if you don't feel and look robust, you are not robust. Such a condition is often a condition known as anemia. For best remedy for anemia, bloodless, weak, with its low mental and physical vigor, take Pepto-Mangan. Pepto-Mangan supplies the weak system with the very elements it needs to get life into it. It repairs, re-creates and rebuilds the exhausted blood, the vital part of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you and will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. ### YOUNG FARMER KILLED

**FRANK MUNSON OF BOVINA HAS  
SKULL CRUSHED WHEN HIT  
BY FALLING TREE.**

**Death Comes Suddenly to Young Man  
at Work in Bovina Woods — His  
Brother and Sister in Oneonta — No  
Funeral Arrangements Made.**

Delhi, Dec. 13. — Frank Munson, a capable young farmer living on Bramley mountain, in the town of Bovina, met a sad death this afternoon while at work in the woods near his home. With a neighbor, Eugene Quick, he had chopped through a large tree and when it began to fall he ran to get out of the way. The tree fell in the opposite direction than was expected, however, and it struck the unfortunate man a heavy blow on his head, crushing his skull and killing him instantly.

Dr. Stillman of this village was summoned to make an examination of circumstances surrounding the accident. It appeared that no one was at fault, as Quick shouted to Munson when he saw which way the tree was falling but the latter was unable to get out of its way.

Munson was born in Davenport 25 years ago, the son of Charles and Helen (Crandall) Munson, and spent his early life in that place. About seven years ago, he left Davenport to take work in the creamery at Bloomville, and he was employed there until after the United States entered the World war. He was called to the colors in 1918 and served with the army at home for several months.

Shortly after his discharge from the service he married Miss Hazel Russell of Bovina Center and they made their home on a farm near that place. He was an exemplary young man and it is indeed a great calamity to his family that he should thus be so prematurely stricken down. He was a member of the Covenanters church at Bovina and was much interested in community affairs.

Besides his bereaved widow, Mr. Munson is survived by his father, Charles Munson, now of Delhi; one brother, Harlow Munson of 53 Spruce street, Oneonta; and five sisters, Mrs. Mary Mowbray of Chatham, Mrs. Harriet Sutherland of Delhi, Mrs. Clark Nesbitt of Schenectady, Mrs. D. H. Beers of 51 Ford avenue, Oneonta, and Miss Lou Munson of New York city.

No arrangements for the funeral services had been made tonight.

### "The Poultry King" Is Dead.

Harry Bowie, who for a life time had been engaged in the commission business in New York city as a member of the firm of E. Winter & company, died on Thursday last at his home in Mt. Vernon. He was 77 years of age and was the oldest commission merchant in the metropolis, having been long engaged in that business and for many years known as "the poultry king of New York." At earlier periods of his career, he was also an extensive dealer in eggs and butter.

Mr. Bowie was born in Andes and was a son of Henry Bowie, who during the 50s and 60s was also an extensive butter dealer in Delaware county, and was a very prominent and patriotic citizen. The summer home of Harry Bowie was in Andes and through all his life he took great interest in that village. No long ago he beautified the Andes cemetery at a personal expense of \$10,000 and was planning the coming summer extensive improvements whereby to beautify the village. He was a lover of sports and always had been a backer of the Andes baseball team and the hose company.

Mr. Bowie is survived by his widow, an adopted daughter and two sisters. Burial will be in Andes on Tuesday.

### William S. Capach.

William S. Capach, aged 78 years, died this (Monday) afternoon at his home on Main street. Mr. Capach came to Delhi ten years ago from Hamden and had ever since resided here. He was a veteran of the Civil War and belonged to an Illinois regiment. By trade he was a carpenter and was for many years a much respected citizen of Delaware county. He is survived by his wife and two children, Frank Capach of Burnside, and Maude, wife of Warren W. Bonerwell of Delhi. The funeral arrangements have not yet been completed.

### Death of "Ed" Kaufman.

On Saturday evening the people of this village were shocked to learn of the sudden death of "Ed" Kaufman, a well-known resident of this village. Mr. Kaufman was in his accustomed place at the Central house and dropped dead in the hall on his way to the bath room. He was a jovial and good natured character and will be missed by many, especially those by whom he was employed. For many years he was in the employ of Dr. M. O. Landon and for the past few years has been a faithful employee of Charles T. Telford. Surviving are his wife and two sons, all of Syracuse. The funeral will be held from the Episcopal church on Tuesday afternoon, with burial in Woodland cemetery.

### FARM HAND ARRESTED.

Search Started When South Jefferson Farmer Misses \$70.

Stamford, Dec. 13. — On Saturday night a young man, secured by one of the resident farmers in the South Jefferson section, from the Binghamton employment agency, arrived in Stam-

ford and was taken to the home of Ward Welch, the farmer engaging him.

He quit work on Sunday and during the morning of that day, while the family were all absent from the house, left the premises. On search, it was found that a sum of money amounting to about \$70 was missing.

The telephone was immediately called into service, with the result that the young man was located this morning in Jefferson.

Constables Ives and Hubbell met the young man on the way to the village and detained him till Constable Grant of Stamford was notified and he started this afternoon to bring the prisoner to Stamford.

Up to this writing the name of the man had not been given.

### Stamford Ladies Seriously Ill.

#### Changed Rates on Trolley Line.

The Southern New York Power and Railway corporation has filed notice of change of rates governing local fares for children between the ages of 5 and 12 years as follows: One half adult fare with enough added to make half fare end in 0 or 5. The present regulations make half fare end in whole cent. Effective January 5.

Changes have also been made in joint one-way fares to or from any point on the trolley system to Utica. These figures add 15c from Cooperstown, 31c from Index, 40c from Hartwick, 42 cents from Mt. Vision and Laurens, 51c from West Oneonta, 52c from Junction and 55c from Oneonta to the rates which formerly were charged. This increase became effective December 4.

Also, effective January 5, the four-ride strip ticket between Richfield Springs and Walnut Grove is abolished and the regular rate, 16c each way, will apply.

#### Lad Hit by Physician's Auto.

Dr. Stanton Hendrick reported at police headquarters yesterday that he had struck Billy Bedford, the five-year-old son of Mr. and Mrs. Carl G. Bedford of 80 Spruce street. The physician was driving his Ford sedan Normal hill at about 11:45 o'clock when the children were just getting out of school. When at the corner of Cedar and Maple streets, he said that the Bedford boy ran out in front of his machine and he was unable to stop in time to avoid hitting him. Dr. Hendrick took the lad to his home and outside of suffering a scare and a few minor bruises he was uninjured.

Numerous motorists have complained in the past few weeks that children seem to like the road better than they do the sidewalks, and parents should impress upon the youngsters the danger of being hit by motor vehicles.

#### Twins Undergo Operation.

The young twins, Iris and Ivy, of Mr. and Mrs. Harry C. Burton of Stratford underwent an operation at the Parshall hospital yesterday for adenoids and tonsils. The operation was performed by Dr. McMenamin, assisted by Dr. Augustin. They were reported last evening as doing nicely.

#### CANTON WILBER INSPECTION

Large Attendance at Annual Event in Odd Fellows' Temple Last Night—Officers Elected for Ensuing Year.

Odd Fellows' temple was the scene of many lodge activities last night when the annual inspection of Canton David Wilber, No. 37, took place. The ceremony was followed by a delicious banquet served by the Ladies' auxiliary.

There was a large attendance of chivalry at the inspection, as this is always one of the big features of the organization, coming as it does only once a year. The inspecting officer was Major W. H. Riley of Albany, accompanied by Chevalier J. E. Johnson, and the ceremony was carried out in a very fine manner. The scene was indeed a very pleasing one, as the members of the canton, arrayed in all the finery of their uniforms, stood ready for the inspecting officer.

Immediately following the inspection, the annual election of officers took place and resulted as follows:

Captain—Wallace Stapleton.  
Lieutenant—Arthur C. Terrell.  
Ensign—Fred R. Wood.  
Accountant—E. W. Whitcomb.  
Clerk—Robert J. Shaw.  
Trustee for Three Years—E. E. Brigham.

At the close of the canton business a banquet was served to its members and to the members of the Anna E. Wilber auxiliary. The banquet hall was filled with the ladies and gentlemen of the two Odd Fellows' organizations. The ladies served a bountiful repast that suited everyone and it was with regret that the happy gathering departed for their homes at a late hour.

The Ladies' auxiliary also held a business meeting and elected the following officers:

Past President—Mrs. Mary Miller.  
President—Mrs. Hazel Mahon.  
Vice President—Mrs. Alice Bookhout.

Secretary—Mrs. Alida Woodworth.  
Treasurer—Mrs. Sarah Dudley.  
These officers will be installed at the next regular meeting. There was

a large attendance of ladies last night and guests were present from Hartwick and Albany.

#### Slight Blaze at Wilder's.

While manipulating the gas lights in the rear of Wilder's store last Saturday afternoon a slight blaze broke out, but without causing much damage. It was soon extinguished by means of the chemicals in the store. The only damage to the store was the scorching to the rear door. The lights were put out of commission and it was necessary to have temporary electric lights placed about the store until the gas machinery is repaired.

faith, had been actuated by no desire to put anything over on the city or to favor any town at the expense of the city. They intimated that previous equalizations had, from their figures, the accuracy of which they appeared not to doubt, given the city a preferential rating that could not in justice longer be continued.

During the discussion it was disclosed that the town of Oneonta has in three years added about \$3,900,000 to its tax roll. It is claimed that property there is assessed at more than it will bring. Two parcels within sight of the court house were cited and the Oneonta men were asked to fix in their minds a fair valuation of each, which was done. The tax book disclosed that both are assessed above the valuations as estimated by the visitors.

The outcome of the conference is that the equalization committee will provide the committee from the city with lists of the properties with their values as placed by the town assessors and as fixed by the board, which the board used in its computations. The city representatives will investigate these figures and, doubtless aided by expert advice, will endeavor to ascertain the correctness of the board's figures. If it be found that the adjustment reached is fairly equitable and just to the city, such fact will be made public. If otherwise, the further course of the city will depend doubtless upon the extent of relief that might reasonably be expected.
